How To Set Different PC language Windows 8.1 for Windows 8.1? So.. I've a problem with my windows 8.1.. I have 2 languages (my mother language is Spanish, and I have installed in my PC the spanish language also) and for some reason I can't do a spanish version of windows... I created a new user and everything is the same, the problem is there, the spanish is fine, but the english one... What should I do in order to get my spanish installed? I don't remember much about drivers because I don't use them much.. But what should I do? What Should I do and how can I fix this problem? ... A: Try reinstalling the Windows Language pack, and see if that fixes it. Another option is going to Control panel, and going to Regional and language options In Control Panel, click Date and Time and regional settings, then click the languages tab. Scroll down to Windows 8 and Windows 8.1, select it, and click the Advanced Options button. Uncheck the "Automatically download and install updates for language packs" option, and click OK and then Apply UPDATE In the Add a language section, under preferred languages, click Add a custom language, and select a language. Click OK and then Apply. I don't know what the exact problem is, but this seems to be the best way to resolve it. Tag: diagnosis Does your child with autism, or other learning disorder, come home from school crying because they are tired or hungry? Have you taught your child to decipher their hunger or need to use the toilet? The Importance of Nutrition For children with autism, nutrition is an ongoing issue. Understanding what's best for them is difficult, and finding the right balance of nutrition is essential. Children with learning difficulties and autism are often low in protein, low in iron, and low in certain vitamins like folate. This can lead to behaviours such as restlessness and irritability, increased fidgeting, fewer sustained behaviours, and more self-injury. After a while, the restlessness, hunger, or mood swings will only get more and more severe. The right nutrients are one of the key aspects of your child's care that you can do to help them deal with their energy
